Living and Learning LEAP is for First Year Students Living on Campus.

All students living on campus are eligible, but some have chosen to live together on a single floor in the Residence Halls. All will take a LEAP Class in the LEAP House which is located next door to the Peterson Heritage Center.

Both are on: **Tuesdays and Thursdays, LEAP 1101-014 at 9:10am-10:30am and LEAP 1101-015 at 10:45am-12:05pm.**

There are many advantages to Living and Learning LEAP:

- There is no commute, so you don’t have to get up as early to make it to your first class!
- You will get to know other LEAP students who are also living on campus, thus building a community of friends where you live.
- Class size is small with a cap of 24 students.
- Living and Learning LEAP satisfies three graduation requirements in two classes: one humanities, one social science, and the only university diversity requirement. That’s 3 for 2!

- Research shows that LEAP Students are likely to:
  - Have better grades
  - Return to the U for their 2nd year
  - Have higher graduation rates
